to-do List

NPX COMMAND : `mxryxms-to-do-list`

CODE

```
#! /usr/bin/env node

import inquirer from "inquirer";

let todo = []
let condition = true;

while(condition){
let questions = await inquirer.prompt(
  [
    {
      name: 'ToDos',
      message: 'Enter your ToDos',
      type: 'input',
      validate: (input) => {
        if (input == '') {
          return 'Please enter a valid todo'
        }
        return true;
      }
    },
    {
      name: 'moreToDos',
      message: 'Would you like to add more todos?',
      type: 'confirm',
      default: true
    }
  ]

);

todo.push(questions.ToDos)
console.log(todo)
condition = questions.moreToDos;

}
```

OUTPUT

```
C:\Users\fmugh>npx mxryxms-to-do-list
? Enter your ToDos Fruits
? Would you like to add more todos? Yes
[ 'Fruits' ]
